Operating Ease

Only the UNDERWOOD
Finger-Flite CHAMPION

has this amazing "See-Set"
Margin Feature... Finger-tip controlled
... you actually SEE both margin positions
as you SET them for any
length of writing line

"See-Set" Margins
... another exclusive
Underwood feature

Plus -
"KEY-SET" TABULATION

... you set tabulator stops with a
flick of the finger, as close as you
want—and clear them, from the
keyboard, just as on a
standard machine!

Hand margins show you line lengths at all
times. Finger-Tip Controlled.

Single Margin Release Key—Both right
and left margins are released by standard key
on keyboard.

New Key-Set Tabulation—Tab set key
sets stops where you want; close as two stops.
Tabulator clear key releases tab stops
quickly, easily. Key-Board controlled.

Full Ribbon Writing Control—You write
red, black, or cut stencils just as on a standard
machine.

Automatic Line-Finder—Pulled out, per-
mits free turning of cylinder for writing
between lines. Accurate return to original line
of writing.

Variable Line-Spacer—Pull out type re-
leases cylinder. Enables writing on ruled
paper.

Carriage Centralizing Lock—Locks car-
riage in correct position for closing case.

**Underwood Champion's Famous Easy
Touch**—Now made easier than before, gives
greater writing ease.

PLUS Touch Tuning, Durable Construction,
Smooth Roll Paper Bail, Single, Double and
Triple Spacing and Dual Carriage Knobs.

Budget Terms

Taper-formed for easier carrying, the new
Fashion-Flite case looks like and is a smart piece
of luggage. Finished in gray vinyl plastic, this
new Underwood case offers complete protection
for your new *Finger-Flite* Champion. Twin
latches on the lock hold the case securely closed.
A patented under-frame lock securely holds the
Champion in the case bed, yet it can be removed
at the flick of a finger for use on desk or table.
You'll like this Underwood crafted case, smartly
designed especially for your modern new *Finger-
Flite* Champion.
